

TW2023&TW2540 Recommended Cleaning Procedures

DO NOT use ice or cold water to cool unit down.

This causes the platens to warp.

TOOLS REQUIRED: 1. Spatula w/ rounded corners 2. Damp Washcloth 3. Griddle cleaner

1. Turn off grill and allow to cool down.

2. Apply small amount of cleaner to grill surface

3. Use spatula w/ round edges to remove particles

4. Use warm damp cloth to wipe grill surface.
